2. Purpose and scope

All Players in the Danish Gas System shall be registered in the Register of Players i.a. in order to provide an effective basis for changing Renewable Energy Seller.

This Renewable Energy Seller Framework Agreement and clause 4 of General Terms and Conditions for Gas Transport form the basis of the Renewable Energy Seller's registration in the Register of Players.

General Terms and Conditions for Gas Transport constitutes the general contractual basis for access to the Danish Gas System and shall apply to the Renewable Energy Seller. In connection with the conclusion of this Renewable Energy Seller Framework Agreement, the Renewable Energy Seller has received a copy of the current version of General Terms and Conditions for Gas Transport.

In order to act as Renewable Energy Seller, the Renewable Energy Seller shall also enter into a Renewable Energy Seller Agreement with the relevant owner of the Network Area.

3. Definitions

Unless otherwise expressly stated, terms defined in General Terms and Conditions for Gas Transport shall also apply to this Renewable Energy Seller Framework Agreement.

4. Register of Players

Upon conclusion of the Renewable Energy Seller Framework Agreement, the Renewable Energy Seller shall be registered in the Register of Players with his Master Data and status information. The Register of Players (including Master Data and status information) and the Renewable Energy Seller's obligations in this respect are described in detail in General Terms and Conditions for Gas Transport. The Biomethane Seller may request that he be registered as one or more Renewable Energy Sellers with different GLN's.

The Renewable Energy Seller shall remain registered in the Register of Players until his Framework Agreements have expired and the rights and obligations under General Terms and Conditions for Gas Transport have been exercised and fulfilled, respectively.

5. Player Relationships

The Renewable Energy Seller shall inform Energinet of any changes in his Player Relationships, cf. clause 4 of General Terms and Conditions for Gas Transport.

6. Change of Renewable Energy Seller

The Renewable Energy Seller shall comply with the rules for change of Renewable Energy Seller given in Rules for Biomethane.

7. Assignment

The Renewable Energy Seller's rights and obligations under this Renewable Energy Seller Framework Agreement shall not be assigned to a third party without the relevant Distribution Companies' and Energinet's prior written consent.

Energinet may assign its rights and obligations under this Renewable Energy Seller Framework Agreement to a third party to which, with the permission of the relevant Minister, Energinet's concession is assigned pursuant to section 32 of the Danish Natural Gas Supply Act.

8. Term of agreement

This Renewable Energy Seller Framework Agreement shall enter into effect on the date on which it is signed and shall remain in force until terminated either in full or in part in pursuance of:

- a) clause 9 of this Renewable Energy Seller Framework Agreement: Termination;

- b) clause 10 of this Renewable Energy Seller Framework Agreement: Breach;
- c) clause 11 of this Renewable Energy Seller Framework Agreement: Liability and Extended Force Majeure;

9. Termination

The Renewable Energy Seller may terminate the Renewable Energy Seller Framework Agreement with a notice of at least three Months to expire at the first day of a Month.

10. Breach

In the event of a material breach of the Renewable Energy Seller Framework Agreement, Energinet shall be entitled to terminate the Renewable Energy Seller Framework Agreement in its entirety without notice after which the Renewable Energy Seller shall be denied registration in and access to the Register of Players, with the consequence that the Renewable Energy Seller can no longer act as such in the Danish Gas System.

Material breach includes, but is not limited to:

- a) repeated failure by the Renewable Energy Seller to update Player Relationships in the Register of Players punctually, cf. clause 4 of General Terms and Conditions for Gas Transport.

In the event of the Renewable Energy Seller Framework Agreement being terminated Energinet shall record in the Register of Players that the Renewable Energy Seller is no longer a party to a Renewable Energy Seller Framework Agreement or a Renewable Energy Seller Agreement and shall inform the relevant owner of the Network Area accordingly. Therefore, the Renewable Energy Seller's requests for change of Renewable Energy Seller shall be refused by the owner of Network Area affected.

11. Liability and extended Force Majeure

Unless Energinet has acted wilfully or grossly negligent, it cannot be held liable for damages for errors in information entered into the Register of Players, lack of access to the Register of Players, failure to update the Register of Players, failure to make backups of the Register of Players or faults in computer systems for the operation of the Register of Players.

The rules on Force Majeure included in General Terms and Conditions for Gas Transport shall also apply to the Renewable Energy Seller Framework Agreement for both the Renewable Energy Seller and Energinet. If the Renewable Energy Seller Framework Agreement is terminated as a consequence of extended Force Majeure, the provisions given in clause 15.7 of General Terms and Conditions for Gas Transport shall apply.

12. Changes

The Renewable Energy Seller shall accept such regular changes to the Renewable Energy Seller Framework Agreement as are necessary in order for the Renewable Energy Seller Framework Agreement to always be in conformity with the version of the Renewable Energy Seller Framework Agreement applying at any time, which is included as an appendix to General Terms and Conditions for Gas Transport. In the event of changes, Energinet shall give at least one Month's notice to the first Day of a Month, with the changes becoming effective after the expiry of the said period of notice.

13. Applicable law and venue

The venue and applicable law given in General Terms and Conditions for Gas Transport applicable at any time shall apply to the Renewable Energy Seller Framework Agreement.
